

YESTERDAY

Bassi

SOLISTA

Yesterday, all my troubles seemed so far away,
Now it looks as though they're here to stay,
Oh I believe in yesterday.

BASSI

Suddenly, half
used to be
There's a shadow over me.
Oh yesterday came suddenly.

Why she
had to go?
I don't know she woldn't say, say
I said
something wrong now I long for
now I long for yesterday,
yesterday,
yesterday.
