

Galaxy Zoo Supernovae – top 10 discoverers

# SNe	2012	2011	2010	discoverers	
212	61	136	15	Robert G. Gagliano, USA	1
205	55	128	22	Graham Dungworth, UK	2
192	60	117	15	Henryk Krawczyk, Poland	3
185	49	118	18	Michele T. Mazzucato, Italy	4
131	36	81	14	Elisabeth Baeten, Belgium	5
109	37	61	11	Helmut Bayerl, Germany	6
101	21	78	2	José Campos, Portugal	7
94	8	74	12	Lily Lau W.W., Singapore	8
94	42	52	0	Michel Greetz, Holland	9
70	5	65	0	Wolfgang Renz, Germany	10

Statistics

registered to the project: **13405** individual names

at least **1 SN** discovery: **970** individual names

at least **3 SN** discovery: **141** individual names

at least **5 SN** discovery: **73** individual names

at least **10 SN** discovery: **37** individual names

at least **20 SN** discovery: **21** individual names

at least **30 SN** discovery: **14** individual names

at least **40 SN** discovery: **11** individual names

at least **50 SN** discovery: **10** individual names

World ranking of the amateur discoverers of supernovae over 100 discoveries

at **31 March 2015**

	discoverer name	#	nation
1	Tim Puckett	301	USA
2	Robert G. Gagliano	247	USA
3	Graham Dungworth	205	Great Britain
4	Henryk Krawczyk	192	Poland
5	Michele T. Mazzucato	185	Italy
6	Tom Boles	155	Great Britain
7	Libert A. G. "Berto" Monard	141	South Africa
8	Elisabeth Baeten	131	Belgium
9	Jack Newton	120	USA
10	Helmut Bayerl	109	Germany
11	Koichi Itagaki	102	Japan
12	Stuart Parker	101	New Zealand
13	José Campos	101	Portugal
