ICCRUM

Rome, August 22, 2002

Dear Sir/Madam,

ICCRUM, the International Centre for the Study of the Preservation and Restoration of Cultural Property, in collaboration with ITUC partners such as CECI (Federal University of Pernambuco, Recife, Brazil), the Academy of Cultural Heritage in Lithuania, the UNESCO World Heritage Centre and the ICOMOS Historic Towns Committee will be holding a training course in Rome on "Integrated Territorial & Urban Conservation", April 21 - June 13, 2003. **The course announcement is attached.** This course builds on the earlier courses held by ICCROM in its ITUC (Integrated Territorial and Urban Conservation) programme in spring 1997, spring 1999, and autumn 2002.

The course will assist managers, administrators and professionals involved with historic cities and landscapes of heritage value to improve their ability to integrate concern for cultural heritage in sustainable planning, management and development practices. The course offers participants the ability to analyse their own situations in a variety of economic, social and heritage frameworks, to explore ways to place heritage values at the core of decision-making processes, and to acquire some of the negotiation, communication and conflict management skills useful in public decision-making arenas. Participants will also have access to examples of best practice and to opportunities for long-term professional and scientific exchange.

We are interested in inviting applications from senior managers/ administrators/ professionals with significant experience in historic cities and landscapes to participate in the course.

We would be grateful for your assistance in finding appropriate candidate(s) within your organization/office/country. Please invite suitable candidates to submit a full professional CV, application form (available at www.iccrom.org or at training@iccrom.org), and the brief report requested in the course announcement to ICCROM at the address below. Applications should reach ICCROM by 30 October 2002 to ensure inclusion in our selection process.

**3rd International Course on
Integrated Territorial and Urban Conservation
ITUC – 03**

DATES	April 21 -- June 13, 2003 (8 weeks)
PLACE	Rome, Italy
ORGANISATION	ICCROM's Heritage Settlements ITUC (Integrated Territorial & Urban Conservation) Programme will organize the course in collaboration with ITUC partners such as the UNESCO World Heritage Centre, CECI (Federal University of Pernambuco, Recife, Brazil), the Academy of Cultural Heritage in Lithuania, and the ICOMOS Historic Towns Committee.
PROGRAMME FRAMEWORK	<p>The aim of ICCROM's Heritage Settlements ITUC (Integrated Territorial and Urban Conservation) Programme is to improve the integration of concern for cultural heritage in the sustainable planning, management and development of both urban and rural settlements.</p> <p>The ITUC 03 course has been designed to assist individuals to improve their ability to manage both historic cities and landscapes of heritage value.</p>
PARTICIPANT BENEFITS & OPPORTUNITIES	<p>Through exchange of experiences and insights, the course offers participants the following benefits and opportunities:</p> <p><u>Perspective</u></p> <ul style="list-style-type: none">ability to use a comparative analytical framework, valuable in self-assessment of the theoretical and practical qualities of participants' own work. <p><u>Situation Analysis</u></p> <ul style="list-style-type: none">ability to analyse key elements of historic cities and landscapes for heritage-sensitive management, including evaluation of significance, definition of intangible and community values and interests, and development of effective approaches for monitoring state of conservation. <p><u>Management</u></p> <ul style="list-style-type: none">ability to use heritage values in decision-making affecting historic cities and landscapes; working with a variety of integrated and participatory management methods, including negotiation, facilitation, conflict resolution and communication skills; integration of concern for heritage in management, including appropriate development of investment and lending projects. <p><u>Information</u></p> <ul style="list-style-type: none">access to examples of best practice, and other sources of relevant background data. <p><u>Network</u></p> <ul style="list-style-type: none">access to long term professional and scientific exchange within an international context. <p><u>Follow-up</u></p> <ul style="list-style-type: none">identification of follow up activities that will allow workshop insights to be shared within participants' organizations, with their partners and within their regions.

Historic Centre of Rome

STRUCTURE	<p>The eight-week course will consist of topical presentations, thematic workshops and field excursions. The international interdisciplinary group of professionals taking part in the course will actively contribute to the programme by bringing their own experience and questions into discussion. Field-studies (in Italy) will also be used to illustrate approaches.</p> <p>Participants accepted for the course will also be asked to prepare an assignment in advance, treating an issue or problem of current or recent importance in their own work. This project will be shared with other participants and used as a case study during the course.</p> <p>Particular attention will be given in the course to issues pertinent to the management of World Heritage cities and landscapes.</p>
LANGUAGE	<p>English is the working language of the course. Candidates must have strong communication and writing skills in English. A certificate of language proficiency may be required.</p>
ADMISSION	<p><u>Target group:</u> Senior managers/professionals/administrators involved in the planning and management of urban and rural settlements of heritage value. This group would include planners, architects, engineers, historians, archaeologists, geographers, urban designers, landscape architects, economists, lawyers, developers, lenders, administrators, trainers/educators, and others. Preference will be given to those whose working positions will allow them to share with others skills and information gained during the course.</p> <p>Preference will be given to applicants from ICCROM member states.</p> <p>Applications for observer status will not be considered.</p>
COURSE FEE	<p>US\$ 1000. Additional fees may be charged to citizens of non-member states.</p>
NUMBER	<p>15 – 20 participants.</p>
SCHOLARSHIPS	<p>Only a limited number of scholarships are available. (To apply for a scholarship, please refer to point 10 on the ICCROM application form). Candidates are strongly advised to seek financial aid from other sources, such as governments, employers and foundations. A minimum of US\$3000-\$4000. for living costs would be required for the eight week duration of the course in Rome.</p>
CERTIFICATE	<p>A certificate of attendance is awarded to all participants who have satisfactorily completed the course.</p>
APPLICATIONS	<p>Your application should include:</p> <ul style="list-style-type: none"> • a full professional curriculum vitae (in English) • a fully completed ICCROM application form (available at www.iccrom.org or training@iccrom.org) • a brief report (3-5 pages) on field and/or research project(s) concerning territorial and/or urban conservation with which you have been or are currently involved. Your analysis should identify the project(s), provide appropriate contextual background (objectives, partners, support, etc.), describe difficulties encountered and strategic responses developed, and conclude by suggesting related topics/issues you feel should be discussed in the ITUC-03 course. <p>Please send your application, C.V. and project analysis to ICCROM / 13, Via di San Michele / 00153 Rome – Italy / Tel: **39-0658-5531, Fax: **39-0658-553-349, E-mail: training@iccrom.org.</p>
DEADLINE	<p>Applications should reach ICCROM by October 30, 2002 to ensure inclusion in our selection process.</p>
